## ***Mayor Frank Moran Honors Eagles Safety Malcolm Jenkins with a Key to The City for his community efforts to support youth and the underserved***

**CAMDEN, NJ** – Mayor Frank Moran will be joined by City Council members, Congressman Donald Norcross, Senator Nilsa Cruz Perez, Senator Jim Beach, Camden County Freeholder Board, Pastor John O. Parker from Antioch Baptist Church among others as they honor New Jersey native and Two-time Super Bowl Champion Philadelphia Eagles Pro-Bowl Safety Malcolm Jenkins with a Key to The City of Camden for his community efforts to support youth and the underserved through The Malcolm Jenkins Foundation.

The Malcolm Jenkins Foundation is guided by its core values of Integrity, Service, Community and Fiscal Accountability. The Foundation focuses on effectuating positive change in the lives of youth, particularly those in underserved communities throughout New Jersey, Louisiana, Ohio and Pennsylvania. The charity provides resources, innovative opportunities, and experiences that will help youth succeed in life and become contributing members of their communities.

“It is truly an honor to be receiving a Key to the City of Camden today,” said Jenkins. “Earlier this year during The Malcolm Jenkins Foundation ‘Get Ready Fest’ here in Camden we were inspired by the people of this city, and today I find myself once again reminded by Mayor Moran, City Council, elected officials, Pastor John O. Parker, and the entire city to try and always lead by example.”

In 2018, The Malcolm Jenkins Foundation partnered with Feed the Children and other community partners to host “Get Ready Fest” at Antioch Baptist Church in Camden. This community outreach event helped to provide hundreds of pre-identified families with 25 pounds of food, 10 pounds of essential items, as well as health and wellness products.

In addition to providing enough food to feed a family of four for one week, this staple Foundation event offers an array of health-related services and information for the community. These services include screenings for blood pressure, cholesterol, diabetes, asthma, basic eye and dental check-ups, GED, job training, plus senior, veteran and youth services.
